

*The region's most dynamic
cyber professionals network*

2020 Membership

Peter Coroneos, International VP and Regional Head, APAC of the Cyber Security Advisors Network invites you to become a Member of the APAC chapter of this expanding global network of cybersecurity professionals.

Why Join CyAN?

CyAN exists to help members build their practices, profiles and networks and to further the goal of building cyber resilience and capability.

- Be part of a international collaboration and information sharing network of elite cyber professionals
- Regular networking meetings, professional development through information sharing and specialist presentations

For 2020 we are planning a range of activities for you to take part in:

- Speaking opportunities and leadership development
- Participation in sector-specific forums
- Boardroom lunches and business breakfasts
- Taskforce participation
- Join our expert talent pool – be eligible for project collaboration on larger, more complex projects
- Sponsorship opportunities – reach the people who are making the recommendations
